world-scout WINTER GAMES

march 2010  kandersteg - switzerland

**Kandersteg International Scout Centre (KISC) in Switzerland
presents the 2nd World Scout Winter Games.
Bookings are open now!**

The World Scout Winter Games is a Scout winter sport competition in an international atmosphere. The aim is to bring together Scouts from many different countries to participate in a fun competition involving various different winter sports, like Downhill Skiing, Cross Country Skiing, Curling and more.

This three day event, based in the Swiss Alps, will be held from the 3rd to March 8th 2010. This event is open for teams of National Scout Organisations or Member Organisations. Only one team per country will be accepted. Each team consists of 6 Scouts/Guides, aged 16 to 22. They have to be enthusiastic Scouts or Guides with experience in at least Downhill Skiing. Training workshops will be held for Curling and Cross Country skiing before the main events.

There will be a maximum limit of 12 national teams and the deadline for receiving applications is 30th of November 2009. All application forms are to be signed by the International Commissioner.

The idea behind the games is to bring together teams from many different countries to compete in a series of winter disciplines and enjoy fun and a Scouting atmosphere at the same time. The World Scout Winter Games was held for the first time in 2008. The 9 teams in that year came from Liechtenstein, Norway, Portugal, Spain, Sweden, Switzerland, the United Kingdom and the United States. The event was a huge success with a good level of fun and competitiveness among the teams. There was a great display of International Scouting between all groups and we hope that the event becomes a tradition in the future.
